

2016 Healing Hearts Women's Retreats

Workshop Presenter/Performer Proposal Form

Healing Hearts Women's Retreats provides a safe space for women to support one another in our individual and collective journeys in healing and growth. Through the exploration of the arts, healing practices, and connection to the earth through workshops, performances, and unstructured activities, we will share our knowledge, expertise, and experience so that each may heal more deeply and stretch into living her truth more fully. Our aim is to deepen our sense of community among women, increase our personal peace and well-being, and empower ourselves to be more effective in whatever service we offer the world. We welcome a richly diverse population of women who vary in color, size, age, sexual preference, socioeconomic status, and persuasions of all kinds.

Please return completed form to campearthconnection@gmail.com or Mail to: Camp Earth Connection, 63 Hammond Hill Rd., Freeville, NY 13068
